

Jereth age: 16

When I came to Brighter Future vision clinic I had already had two sessions of vision therapy at another office, so I thought that it would be boring and dry but was really a lot of fun!

Before I came, school was hard, I was having trouble with focusing and I would get tired quickly.

In only two weeks of vision therapy my reading got faster, focusing was easier and school went smoother.

The therapists are great, they did not treat me like a baby. When we played games it felt like real competition.

Doing vision therapy was lots of fun. I am glad I can see better. Thank you Brighter Future Vision Clinic.
